Care Plan - Child Care - northernhealth.ca

A care plan is a written document that specifies in detail, the diagnosis (if applicable), allergy, illness, and the unique needs of the child attending the facility. It also sets out the specific procedures staff will follow when caring for and supervising the child within the context of the child care environment. Why does a child need a care plan?

Early childhood experiences have a profound

What Is A Nursing Care Plan and Why is it Needed?

The goal as established in a nursing care plan in terms of observable client responses is what the nurse hopes to achieve by implementing nursing orders. It is a desired outcome or change in the client's condition. The terms goal and outcome are often used interchangeably, but in some nursing literature, a goal is thought of as a more general statement while the outcome is more
