Fifty Shades of Grey: Amazon.ca: E. L. James: Books

The cover of the book is rip at the bottom when I open the book. The pages of the book is not lined up properly. I have the same problem with the first book I ordered (Fifty Shades of Grey). Other than that everything is good. I love the story, its so different. I hope E L James will write another book and put it in movies again. The movies are very nice too.
