Taking a systematic approach, this text stresses the adequate formulation of policy problems as a crucial step in solving them. It covers the historical evolution of policy analysis, the definition and formulation of complex policy problems, and the analysis of policy arguments.

[Public Policy Analysis: An Introduction - William N. Dunn ...](#)

This text is a problem-oriented, integrated, multidisciplinary synthesis of concepts and methods of public policy analysis. The multidisciplinary synthesis is achieved by means of an information processing approach that views policy analysis as a process of problem solving through the effective production, transformation, and critique of policy-relevant information. The text draws from political science, public administration, economics, decision analysis, and social and political theory to [Public Policy Analysis: An Integrated Approach: William N. ...](#)
