Ten Steps to Building College Reading Skills by John Langan

The Langan series of textbooks is a solid approach for developmental students in need of improving their college-level reading skills. I used this text in an ESL reading class I taught a number of times over the past decade. The formula is simple: in order to improve, students need targeted work on ten key skills such as learning vocabulary from context or making inferences. Each chapter provides guided readings and copious exercises so that students can learn while reading.
